Monthly Credit Limits _____

All Purchasing Cards have Monthly Credit Limits. Limits will vary for each cardholder, and was established by your Department Manager in conjunction with the Program Administrator. Each cardholder will be given information on the limits of his/her card upon signing up for the program. In order to change limits on any cards, please complete the Purchasing Card Change Limits form and forward it to Program Administrator (For the Grants and Contracts, Grants/Contracts Manager can authorize to increase the single transaction or monthly credit limit). <http://www.foundation.cpp.edu/content/f/d/FS01122F.pdf>

Single Transaction Limits _____

This is the amount available on your Purchasing Card for any one transaction. A transaction includes the purchase price, plus tax and freight. Cardholders should not attempt to make a purchase greater than your approved amount. Changes to the Single Transaction Limit must also be requested through the Program Administrator (For the Grants and Contracts, Grants/Contracts Manager can authorize to increase the single transaction or monthly limit).

<http://www.foundation.cpp.edu/content/f/d/FS01122F.pdf>

Making the Purchase

To make your business related purchase, you should call, fax, use on-line order or visit the vendor. Give the vendor all of the necessary information to complete the purchase.

The business transaction is complete once you have used the Purchasing Card. You should request a receipt to keep for your monthly Purchasing Card reconciliation. You will not have to send any or this documentation to the Accounts Payable Department for payment.

You must tell the vendor whether or not the purchase is taxable. If it's taxable, use California Sales and Use Tax Rate. <https://gis.cdtfa.ca.gov/public/maps/taxrates>.

Authorized Purchases

Use the Purchasing Card for the purchase of any supply authorized by your project. Record all Purchasing Card activities in the proper project #, object code and description.

Documenting Your Purchase

It is mandatory to retain all vendors' receipts or documentation to comply with the Foundation and CSU, and audit requirements; and to simplify reconciliation for purchases made with the Purchasing Card. Some critical documentation necessary for reconciliation could be:

- Vendor Sales Receipt
- Itemized Packing Slip/Receiver Advise (includes price information)
- Visa Card Charge Slip with itemized description of products purchased
- An invoice

Invoices are the most optimal documentation since they itemize your purchases and show charged sales tax. A vendor's entry system usually prints an automatic invoice with your processed order. You should instruct the vendor to send the invoice to you and not to the Accounts Payable Department. If you purchase via mail or phone, ask the vendor to include the receipt with the goods when shipping the product. The receipt is the only original documentation specifying tax paid on the purchase.

Lost Receipt

If the cardholder has lost a receipt/invoice, a duplicate receipt must be requested from the vendor. If the duplicate receipt is not available from the vendor, please complete the Purchasing Card Certification of Receipt of Goods form. The form must be approved by the authorized signer and attach it to Statement Expenses (CCER).

<http://www.foundation.cpp.edu/content/f/d/FS01123F.pdf>

This form cannot be used by the Grants and Contracts projects.

Sales and Use Tax

The Accounts Payable Department is responsible for reviewing invoices to calculate the necessary accrual for sales and use tax. If applicable tax is not included at the time of the purchase, it will be accrued and charged to the project number indicated for the purchase. The cardholder should request the supplier to include tax on all applicable orders. Cal Poly Pomona Foundation Inc. is required to pay California sales and use tax for all out-of-state or online purchases on the purchasing card.

Purchasing Card Payment

Employees do not pay their own monthly statement. The Program does not affect your credit rating in any way. The Purchasing Card Program carries corporate, not individual, liability.
