Foundation Participates in Red Cross Missing Types Movement

The letters A and O will be removed from the Foundation logo on the Foundation website from Monday, June 11 through Tuesday, July 3 in participation of the Red Cross Missing Types Movement.

Can you help us fill what's missing?
Give blood through the American Red Cross.

You might not realize how important the letters A, B and O are until they're gone. But, for a patient in need of lifesaving blood, those letters mean everything. The Foundation will be participating in the Red Cross Missing Types Movement to help raise awareness and fill in the missing types.

The Red Cross needs your help to fill the missing blood types so patients can receive the lifesaving care they need. Visit redcrossblood.org/missingtypes to schedule your blood donation appointment today.

When you support the services that are owned and operated by the Cal Poly Pomona Foundation, you help students obtain on-campus jobs, and help fund scholarships, campus programs and educational grants. Foundation enterprises include Dining Services, the Bronco Bookstore, the University Village and Kellogg West Conference Center & Hotel.

As the largest employer of students on campus, the Foundation offers valuable work experience and hands-on training to approximately 1,500 Cal Poly Pomona students each year. The Foundation offers positions in various fields; whether it is in the area of technology, science, retail, culinary arts, hospitality management, leadership or research grants, these student employees participate in Cal Poly Pomona's learn-by-doing philosophy and acquire practical skills in their designated field of study.

The Foundation also contributes operating support to nearly 1,100 Foundation and scholarship programs every year, including Bronco Athletics and the Norman J. Priest Scholarship. In addition, the Foundation administers grants and contracts, contributes to campus security, and supports several university publications. The Foundation contributes over \$1 million annually to Cal Poly Pomona.

Because of your support, the Foundation is able to provide these beneficial services every year. Thank you for making your purchases on campus and contributing to the success of Cal Poly Pomona students and the university community.
